# Personalized Support for Your Patients and their Families

Amryt Assist is a personalized and comprehensive support program designed to help patients taking MYCAPSSA and their healthcare providers.

1

## Getting Started with Amryt Assist

Start by completing the Prescription Form

Amryt Assist will then reach out:

- to your office to make an introduction
- to your patient/caregiver to obtain patient consent

Note that the call may come from an unfamiliar number.

2

## Connecting with the Amryt Assist Team

3

## Benefits Investigation and Prior Authorization

- Conduct assessment of your patient's health insurance benefits
- Provide information regarding prior authorization

4

Amryt Assist will then work with the patient/caregiver to set up delivery of MYCAPSSA.

## First Prescription and Refill Coordination

# Working Together for You

## Access Made Easy

**Financial assistance** for out-of-pocket expenses including copay assistance and referrals to other sources of support.

**Benefits investigation** to better understand your patient's insurance coverage for MYCAPSSA and how we can help.

**Specialty pharmacy interaction** to ensure set-up and delivery at the right place and the right time.

**Patient Assistance program** for individuals without insurance or who meet other eligibility requirements.

## Starting MYCAPSSA

**Tips for success** from an Amryt Clinical Educator throughout the transition process that make MYCAPSSA a part of your patient's daily routine and support them in living with acromegaly.

## Continued Partnership

**Our job isn't over once your patient has started** on MYCAPSSA. We'll continue to check in—on your patient's terms and your schedule. We're here to help guide them through their new treatment routine and ensure their questions are answered. We'll reach out to say hello, see how they're doing and **offer our support wherever we can be of assistance.**

**\$0 OUT OF POCKET\***

\*All eligible commercially insured patients can get MYCAPSSA for \$0 out of pocket.

Getting started with Amryt Assist is simple.
